DEWDNEY ELEMENTARY: CREATING SAFE SCHOOL COMMUNITIES

"ERASE" Expect Respect and a Safe Education

Bullying: Be in the know

This excellent website provides information about bullying and access to print and multimedia resources for staff, students and parents as well as an online tool for reporting bullying.

Bullying isn't just a child's issue; it's a school and community issue, and must be addressed with a school and community solution. Everyone has a role to play in supporting students and preventing incidents like bullying.

Every child deserves an education free from discrimination, bullying, harassment, intimidation and violence. The ERASE (Expect Respect and A Safe Education) Bullying strategy is part of the Province of British Columbia's efforts to personalize learning and supports for all students.

What is WITS?

The WITS Programs bring together schools, families and communities to create responsive environments that help elementary school children deal with bullying and peer victimization. WITS has two parts:

WITS Primary Program
Kindergarten to Grade 3

WITS LEADS Program
Grades 4 to 6

Although the WITS programs start at school, parents have an important role to play. Talking about WITS at home teaches children to apply these strategies beyond the school walls. At Dewdney, our students and staff teach, model and use their WITS to solve problems peacefully.
