

February 2019

Dear Parents and Guardians,

It is hard to believe that we are already moving into the second month of the new year. So far, we have been lucky to enjoy such beautiful weather. Looking into the long range forecast there does seem to be colder weather ahead. A friendly reminder to outfit your children for the colder weather. There have been many highlights in January. Some of which include:

Lisa Fox Habitat Conservation Trust Foundation

Thank you, Lisa, for coming out. Lisa will be working with some of the staff to come up with some learning ideas for our wetlands. We look forward to Jason's visit next month from the BCWF.

Skating at the Leisure Centre

Division 5,7 and 8 went to the leisure centre and had a blast skating.

It's a Crime Not to Read

Thank you Cst. Robinson for working and reading with the students. It was great to meet you. We look forward to seeing you again.

Heritage Park Hike and Scavenger Hunt

Division 1,2 and 6 hiked the trails of Heritage Park culminating in a scavenger hunt with big and little buddies paired together.

Kindergarten Registration

We had a strong turnout for Kindergarten registration. We look forward to meeting the future generation of Dewdney students at our Welcome to Kindergarten event later this year.

Wacky Hair or Hat Day

Some very creative hairdos out there! Thank you all who participated in the Wacky Hair or Hat Day.

Volleyball Practice is under way

Practices have begun for the grade 5/6 volleyball team. Games begin in February. Stay tuned for a schedule. We are working on arranging a fun game with Deroche Elementary before the season starts.

Upcoming events:

- February 8th Bear aware coming to work with the students
- February 8th Teepee is going back up
- February 15th Non-Instructional Day – students not in session
- February 18th Family Day

Thank you, parents, for your continued support in making Dewdney a great place to learn.

Sincerely,

Jordan Klassen
Principal
