

Dewdney Outdoor Learning Spaces

Dewdney Elementary boasts a number of outdoor learning areas. Each outdoor space is unique to Dewdney Elementary, offering access to learning spaces as a means to enhance student learning and engagement. Our outdoor locations include, but are not limited to:

Dewdney Outdoor Naturescape (DEN), River Rock Benches, Loose Parts Imaginative Play area, Greenhouse, Wetlands, Garden boxes and the local Nicomen Slough located next to our school.

Above: Dewdney Educational Naturescape is outfitted for exploration and has seating for an entire class.

Below left: Students building in the loose parts imagination area. Below right: River rock benches are used for outdoor learning.

Above: The wetlands is used throughout the school year for a variety of learning experiences. Above right: Students work with one of our partners, the BCWF.

Below: Our greenhouse is used yearly to grow different fruits and vegetables.

Above: Dewdney students and staff spend time at the Nicomen Slough located next to Dewdney Elementary.

Below: Each class has access to their own garden. Students spend time throughout the year planting, growing and Maintaining spaces around the school.
